See National Interagency Mobilization Guide.

## 278

**63 - SMOKEJUMPERS.** See National Interagency Mobilization Guide, Chapter 63. With the exceptions noted below, all Great Basin units will order smokejumpers from the appropriate Great Basin Coordination Center via established dispatch channels.

**63.1 - NUMBERS.** See National Interagency Mobilization Guide, Chapter 63.1.

**63.2 - SMOKEJUMPERS GEAR WEIGHTS AND VOLUME.** See National Interagency Mobilization Guide, Chapter 63.2.

**63.3 - GREAT BASIN SMOKEJUMPER BASES.**

**63.3.1 - McCALL SMOKEJUMPER BASE (USFS).** Normally staffed with 70 smokejumpers. Dispatch centers that can order direct are the Boise Interagency Logistics Center, Sawtooth National Forest Dispatch, Central Idaho Interagency Fire Center, Southern Idaho Interagency Logistics Center, Nez-Perce National Forest and the Wallowa-Whitman National Forest.

In order to maintain the flexibility of responding to several concurrent requests, the standard DC-3 load will remain at 12 jumpers. However, the aircraft will be equipped with standard cargo for 16 smokejumpers, plus a Hale Fry pump with 1,000 feet of hose.

If the need exists for more than 12 jumpers, e.g., multiple fires requiring 4-6 jumpers each, or an emerging fire that could require 14-16 jumpers, a special request for this larger load can be made with no delays in the departure time.

A full 20-person smokejumper crew can be delivered to an incident where a Type 1 Crew is needed. The 20-person crew request should be used in situations where all 20 jumpers would be dropped in the same location. This 20-person crew is equipped to be self-sufficient for 2 days. No pump or hose is included with this load. Concurrence of the National Interagency Coordination Center must be obtained prior to use of smokejumpers as a Type 1 Crew. See National Interagency Mobilization Guide, Chapter 22, Subsection 4.

**63.3.2 - BOISE SMOKEJUMPER BASE (BLM).** Normally staffed with 86 smokejumpers. The primary mission of the BLM Boise Smokejumpers is to provide wildland fire services to BLM and interagency land managers.

Utah, Idaho and Colorado have a contingent of twelve (12) smokejumpers available to them after they have been activated.

The De Havilland DHC-6 Twin Otter will be the primary aircraft utilized by the Boise smokejumpers. The normal configuration for this aircraft is eight (8) smokejumpers with gear plus one (1) pilot and one (1) smokejumper spotter, both of whom stay with the aircraft.

Other aircraft used, BLM Alaska or USFS, will be pre-positioned to maximize mission effectiveness.

Additional smokejumpers or aircraft ordered to supplement base operations in Boise will be coordinated by the WGBCC.

Utilization of BLM Boise smokejumpers will be overseen by the BLM Program Support Manager.

- 63.3.3 - WEST YELLOWSTONE SMOKEJUMPER BASE (USFS).** The West Yellowstone, Wyoming jump base is normally staffed with 15 smokejumpers. Units that can order direct are Eastern Idaho Interagency Fire Center and Teton Interagency Dispatch Center.
- 63.3.4 - MISSOULA SMOKEJUMPER BASE (USFS).** There are normally 60 smokejumpers located at Missoula, MT. The Salmon Interagency Dispatch Center can order direct.
- 63.3.5 - GRANGEVILLE SMOKEJUMPER BASE (USFS).** There are normally 30 smokejumpers located at Grangeville, ID. The Payette Dispatch Center can order direct.

**64 - PILOTS - LEADPLANE AND SMOKEJUMPER .** See [National Interagency Mobilization Guide](#).

**65 - RAPPELLER AND HELICOPTER MANAGER GEAR WEIGHTS AND VOLUME.**  
See [National Interagency Mobilization Guide](#).

**66 - COMMUNICATIONS COORDINATOR (COMC).** See [National Interagency Mobilization Guide](#).

**67 - CHIEF OF PARTY/FLIGHT MANAGER.** See [National Interagency Mobilization Guide](#), Chapter 67, and [Great National Interagency Mobilization Guide](#), Chapter 24, Subsection 3.1.C.6.

**68 - INCIDENT MANAGEMENT TEAMS.** See [National Interagency Mobilization Guide](#).

**68.1 - NUMBERS.** See [National Interagency Mobilization Guide](#).

**68.2 - INCIDENT MANAGEMENT TEAM CONFIGURATION.** See [National Interagency Mobilization Guide](#).

**68.2.1 - GREAT BASIN/ROCKY MOUNTAIN TYPE 1 INCIDENT MANAGEMENT TEAMS.**

There are three Type 1 Incident Management Teams in the Great Basin/Rocky Mountain Areas. Team Incident Commanders are:

Mike Dondero	Internet: <a href="mailto:mdondero@fs.fed.us">mdondero@fs.fed.us</a>
Tim Sexton	Internet: <a href="mailto:Tim_Sexton@fs.fed.us">Tim_Sexton@fs.fed.us</a>
Jim Krugman	Internet: <a href="mailto:jkrugman@fs.fed.us">jkrugman@fs.fed.us</a>

See Chapter 22, Subsection 5.A, for specific guidelines, requirements, and operating procedures.

**68.2.1.A - CURRENT-YEAR ROTATION .** The Alert Week runs from 0001 Hours (MT) on Wednesday to 2400 Hours (MT) on the following Tuesday.

**\*Short Team**

**\*\*National Long team Configuration**

**NOTE:** All positions will be dispatched within the Great Basin. The Incident Commander is responsible for negotiating orders outside the Great Basin for all positions without a star and more than six trainees.

**68.2.2 - GREAT BASIN TYPE 2 INCIDENT MANAGEMENT TEAMS.** There are six Type 2 Incident Management Teams in the Great Basin. The Incident Commanders for these teams are:

Jerry Brunner	Internet: Jerry_Brunner@fs.fed.us
Rowdy Muir	Internet: Rowdy_Muir@ut.blm.gov
Merrill Saleen	Internet: Merrill_Saleen@nifc.blm.gov
Tom Suwyn	Internet: Tom_Suwyn@ut.blm.gov
Jim Thomas	Internet: jthomas@fs.fed.us
Mike Whalen	Internet: Michael_Whalen@blm.gov

See Section 22.5.A for specific guidelines, requirements, and operating procedures.

**68.2.2. A - CURRENT-YEAR ROTATION.** The Great Basin Type 2 Team rotation and call-out schedule will start May 21, 2004 and continue through October 7, 2004. Each on-call period will begin at 0001 Hours Friday (Mountain Time) and continue through Thursday at 2400 Hours (Mountain Time).

All teams will adhere to the two-week rotation period. Teams are mobilized on a first, second and third team out basis. If all three teams in rotation are mobilized, orders for additional Type 2 teams will be placed with NICC. During periods of high fire activity, the Great Basin Coordinating Group may approve early activation of Great Basin teams not in rotation.

The response time for “on-call” teams can be set by the Coordination Centers based on planning levels and predicted activity. For example, at the beginning of the season, the teams may be placed on an eight-hour call up instead of the normal two-hour call up during the height of the fire season.

Alternate methods of filling team positions, other than the Command and General Staff, can be utilized providing this is pre-identified and closely monitored. Positions may be shared by qualified people. Positions may be assigned to a department or agency to fill that has a “pool” of qualified people. It is critical that dispatch and coordination centers know the method being used, and coordinate any changes.

Priorities for filling positions will be:

1. Agency or department employees
2. Emergency Fire Fighter (EFF, non-retiree) below the Command and General Staff level only
3. Emergency Fire Fighters (EFF), retirees, utilized primarily as “coaches” to develop trainees into any position
4. Service contract, subject to National Wildfire Coordinating Group (NWCG) restrictions

## 2004 TYPE 2 TEAM AND FUMT ROTATION SCHEDULE

	Type 2			Fire Use
Alert Dates	Team Name	Team Name	Team Name	Team Name
Activation Order	First Out	Second Out	Third Out	First Out
May 20-June 2*	Muir	Suwyn	Saleen	Cones
